

IF YOU WORK IN THE BUILDING INDUSTRY IN NEW ZEALAND  
YOU NEED TO KNOW THE RULES

IT IS THAT SIMPLE.  
WE TEACH THOSE RULES.

## DIY In-House Training Package

**Customised training solutions that you can DIY with your team.**

- Building and compliance topics
- Two-hour training sessions
- Off the Shelf, mix and match
- With or without an LMS system (use ours or use your own)
- Blending learning solutions, online and live in person

**We provide you with training resources which you can teach from plus access to our resource rich, online school.**

**The package includes:**

- Videos in the form of narrated PowerPoints
- Option for those without LMS (see below)
- Facilitator Guide – timings, activities and instructions for the session
- Handouts or cheat sheets
- Quiz or assessment
- Resource list (for electronic docs to download)

**Each module is \$995 plus GST.**

**Optional add on service:** Use our online school as your LMS (for those who don't have one already)

- ✓ Each person on the course will go online to our online school and complete an assessment on the topic.
- ✓ Learners will be able to do that from their phones or devices.
- ✓ Once they are done, they will be able to download their training records.
- ✓ We then provide progress and completion reports monthly to the Council contact person.

**This additional service is provided at \$50 plus GST per person.**

**To get started with this package or to ask further questions please email us directly on [training@buildingnetworks.co.nz](mailto:training@buildingnetworks.co.nz)**
